Statement

The project area covered the Palmerston North City Council area. The Aerial Surveys number for this project is PRGM2497. Digital imagery was collected on 14, 28 January and 16 February 2014, using Aerial Survey's Microsoft UCLp large-format digital cameras. The imagery was collected flying at 4,700 metres above ground. Because no field verification has been undertaken it is always recommend the user to field verify any data to be used for design purposes. All Features are derived from a Photogrammetric process unless otherwise shown. The DTM for this project was created from photography flown on a different date to the orthophotos, subsequent changes in the ground surface from the DTM surface will result in distortions to the orthophotos
