

# Landonline: Coordinate Precision

Title	Landonline: Coordinate Precision
Creator	LINZ - Land Information New Zealand
Date	2013-09
Description	<p>This defines the precision of coordinates that will be displayed depending on the order of the coordinate. If a record does not exist for a coordinate order/ordinate type combination the default format mask for the ordinate type will be used. Please refer to the [LDS Full Landonline Data Dictionary and Models](<a href="https://data.linz.govt.nz/document/95">https://data.linz.govt.nz/document/95</a>) for detailed metadata about this table. <b>**NOTE:**</b> This table is part of the Landonline detailed dataset (formally BDE). It contains comprehensive data from the Landonline system database that may be required for advanced uses. For simplified versions of the more commonly used tables see the [simplified data layers](<a href="http://www.linz.govt.nz/about-linz/linz-data-service/dataset-information/cadastral-titles-data">http://www.linz.govt.nz/about-linz/linz-data-service/dataset-information/cadastral-titles-data</a>).</p>
