

Landonline: Setup

Title

Landonline: Setup

Creator

LINZ - Land Information New Zealand

Date

2013-09

Description

****Please read:**** This table is part of the comprehensive Full Landonline Dataset and is designed for use only by data professionals who require the complex version of our property ownership and boundary data for advanced uses. ***** The Setup table holds information about a set-up at a Node as a result of a type of Work such as a Survey. The setup entity forms the link between an observation and the nodes that the observation is between. Please refer to the [LDS Full Landonline Data Dictionary and Models] (<https://data.linz.govt.nz/document/95>) for detailed metadata about this table.

Source

Sourced from the Landonline database system which was made operational in 2001.
