Description

****Please read:**** This table is part of the comprehensive Full Landonline Dataset and is designed for use only by data professionals who require the complex version of our property ownership and boundary data for advanced uses. ***** Statistical Areas are areas definable as an aggregation of meshblocks. The areas defined here are those that are required for electoral purposes, e.g. territorial authorities, general electorates, and maori electorates. This unload only contains TA entries, that may be linked to a Survey plan. Please refer to the [LDS Full Landonline Data Dictionary and Models] (<https://data.linz.govt.nz/document/95>) for detailed metadata about this table.
