

# AIMS: Alternative Address Type

Title	AIMS: Alternative Address Type
Creator	Toitū Te Whenua Land Information New Zealand
Date	2016-11-21
Description	<p><b>**Please read:**</b> This is the look-up table for Alternative Address Type and is part of the [set of comprehensive AIMS Address Tables](<a href="https://data.linz.govt.nz/set/87">https://data.linz.govt.nz/set/87</a>). The Alternative Address Type look-up table is used by the following tables; AIMS: Alternative Address. The comprehensive address dataset includes eight data tables and nine lookup tables. The dataset has been sourced from LINZ's Address Information Management System (AIMS), a centralised database for the management of national addresses, including for electoral purposes. This set of normalised tables replaces the single Landonline: Street Address layer currently published on LDS. This layer contains information advised to LINZ by Territorial Authorities (TAs). [Under the Local Government Act 1974 (section 319)] (<a href="http://www.legislation.govt.nz/act/public/1974/0066/latest/DLM420385.html">http://www.legislation.govt.nz/act/public/1974/0066/latest/DLM420385.html</a>) it is the responsibility of the TAs to advise LINZ (the Surveyor General) of all allocated addresses in their district. For a simplified version of the data contained within these tables see [NZ Street Address] (<a href="https://data.linz.govt.nz/layer/3353">https://data.linz.govt.nz/layer/3353</a>). Please refer to the [Street Address Data Dictionary] (<a href="https://data.linz.govt.nz/document/1627">https://data.linz.govt.nz/document/1627</a>) for detailed metadata and information about this layer.</p>
Source	Sourced from the AIMS database system.
